Section 3 – External auditor certificate and opinion 2012/13

Certificate

We certify that we have completed the audit of the annual return for the year ended 31 March 2013 of

PORINGLAND PARISH COUNCIL

Respective responsibilities of the council and the auditor

The council is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The council prepares an annual return in accordance with proper practices which:

- summarises the accounting records for the year ended 31 March 2013; and
- confirms and provides assurance on those matters that are important to our audit responsibilities.

Our responsibility is to conduct an audit in accordance with guidance issued by the Audit Commission and, on the basis of our review of the annual return and supporting information, to report whether any matters that come to our attention give cause for concern that relevant legislation and regulatory requirements have not been met.

External auditor's report

On the basis of our review, in our opinion the information in the annual return is in accordance with proper practices and no matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met.

(delete as appropriate)

Other matters not affecting our opinion which we draw to the attention of the council:

Please ensure that the Annual Return is accurately completed before submission for audit – The responses given in Section 1, Box 11, Section 2, Box 9 and Section 4, Box K are not consistent. The Clerk has confirmed that the Council does not act as sole managing trustee for any trust funds and Section 2, Box 9 should state 'Not applicable'.

Section 1, Box 9: The figure reported in the Annual Return is not consistent with the total value of assets recorded in the asset register. We also note that in the asset register the majority of assets are recorded at insurance value, which fluctuates from year to year. Please note that, as stated in the Practitioners' Guide, local councils should account for fixed assets at their original purchase cost. If this is not known, a proxy cost such as the insurance value can be substituted, but whatever valuation basis is adopted, this should be applied consistently and the 'book' value should usually stay constant until disposal. Where the insurance value has been used as a proxy, it should not be adjusted for any inflation increases or decreases. A nominal value of £1 can be used for community assets, such as areas of land, but not for operational assets. The concept of depreciation is also not applicable.

The Council should ensure that its Standing Orders and Financial Regulations are consistent throughout - there are inconsistencies regarding tender limits (£30,000 in the standing orders and £50,000 in the financial regulations).
