The minutes of the meeting held on 24th June 2020 were agreed after a proposal by David Hewer and a second by Chris Walker.

5. Matters Arising from the Minutes of 24th June, Including Clerk's Report

The Clerk's report had been previously circulated. It detailed:

Funding for Permissive Pathways at High Ash Farm

Having chased the office of Richard Bacon MP, it transpires that DEFRA has responded in March to the Westminster address, which has been closed. This letter advises *'As we move forward post our exit from the EU we will be looking to develop our own national agriculture and environmental policies. The cornerstone of future agriculture policy will be the payment of public money for environmental public goods. Paths that provide access to farmers' land enable people to access and spend time in the natural environment. Infrastructure is required for recreational walking, cycling and horse-riding and providing access to green space and countryside for disabled people. This is important for maintaining and improving physical and mental health and wellbeing and therefore provides public benefits. Public access will be an important issue and we will want to look at ways in which those who own or manage land can feel able to provide the opportunities for people to be able to enjoy the countryside, while balancing this against ensuring that the countryside remains a working environment.'* As this letter suggest there will not be a change in government policy until after Brexit, the matter can be removed from Matters Arising and monitored.

Police Shed

The extension to the shed has been completed and the cycle rack removed and reinstalled.

PROJECT COMPLETE.

Telephone Box

Men's Shed is now in possession of all the relevant materials for the refurbishment of the telephone box and this will progress when Covid-19 restrictions are lifted. Planning permission has been granted for the works by South Norfolk Council. John Hodgson is in possession of all the defibrillator equipment. **ONGOING**

Cyber Security

All staff have now been issued with the poringland-pc.gov.uk email addresses. **PROJECT COMPLETE**

A146/B1332 Stacking Survey

This survey is ready to be released at an appropriate time when traffic movements can be deemed as 'normal'. **ONGOING**

Men's Shed

The Fields In Trust legal team will not support a Men's Shed on the Playing Field, however, they have provided guidance as to what activities the Men's Shed could provide which would be supported. Men's Shed have provided a proposal which will be sent to Fields in Trust. **ONGOING**

Annual Report

This has been agreed, however there are currently problems in finding an alternative distribution company due to Covid-19. It was suggested that the Scouts may do this, or that the distributor of the South Side Guide may be able to assist. The Clerk is to contact these representatives or it will have to revert to councillors delivering the reports.

Community Woodland / Lagoon.

The Parish Council's solicitor is in the process of undertaking the relevant searches to ensure that the Parish Council's interests are protected. When these have been completed to satisfaction, then the transfer document can be passed to the Parish Council for signing. This was hoped to have been completed by the end of July.

Bar Stock.

A letter has been received from Priscilla Bacon Lodge, thanking the Parish Council for the donation of the alcohol. Events for August are being reviewed and the out of date bar stock for August which may not be used, will be distributed to the foodbank and Priscilla Bacon Lodge as previously agreed.

Assets of Community Value

Applications have been sent to South Norfolk Council who will make a decision by 27th August.

'Penelope' The Python

Photos have been taken of Penelope and signage can be created from this, giving the history of the artwork and encourage people to add to it.

Tree Warden Commemoration

The Clerk and the tree warden have met and agreed on a location on the site near the lagoon for a copper beech. The tree warden is considering the wording for the plaque. It is recommended that the tree be planted in October.

Parish Partnership Scheme

Norfolk County Council has confirmed that village gateways are acceptable under the Parish Partnership Scheme. More information on examples of gateways has been requested.

6. Adjournment for Public Participation, District and County Councillors, and Councillors with any Pecuniary Interests

It was agreed that standing orders should be suspended.

a) District Council Report

Cllr Neal had sent a written report which had been distributed to councillors.

Cllr Spruce provided an apology on behalf of the Planning Department as two applications due to be discussed tonight had already been determined, despite the agreement of a time extension for the parish.

John Joyce raised that a non material amendment had been granted for the path between Potters Way and Hillside to remain a Type 1 surfacing rather than be upgraded to tarmac. Concerns had been raised about its disability compliance. The amendment had been done without consulting the Parish Council despite the knowledge that the Parish Council is due to take over this land in due course.

Trevor Spruce raised concerns about the adjoining railings not being suited to allow a mobility scooter through.

b) County Council Report

Cllr Thomson had sent a comprehensive to the Parish Council. Information submitted included:

- The proposed improvements to the A47/A11 Thickthorn junction.
- The project to provide better facilities and access for visitors to the Roman Town at Caistor St Edmund.
- The NHS (Norfolk and Waveney) briefing on their response to Coronavirus.

- The planning application for a proposed new recycling centre has been submitted and is subject to consultation.
- Norfolk being the pilot area for coronavirus Test and Trace.
- The report in the EDP for a new 420 pupil school in Poringland. The most economic way to build a primary school is for two form entry communal areas, but it may only start with one form entry with space for future growth.
- The extra white line signage on the B1332 / A146 has been installed.
- The Clerk and the Highways Engineer have been in discussions about highway safety on St Mary's Road following a complaint. Wheelie bin stickers have been discussed to prevent 'sign blindness' which can occur with permanent signage.

He thanked parish councillors for their engagement with the site team and the public regarding the ongoing roadworks. He further advised that the brickweave area of the Budgens roundabout will disappear and it will be tarmacked along with the rest of the road. In response to queries about the roadworks finishing after 4pm, this would be because the site team are fully completing a section.

Chris Walker raised concerns about heavy vehicles using Burgate Lane to circumnavigate the roadworks. Vic Thomson advised that the diversion route is around the A146 and Norfolk County Council cannot be held to account for irresponsible driver behaviour. The Clerk has reported the branches that have broken down by heavy goods vehicles and are obstructing the footpath on Rectory Lane to Norfolk County Council Highways.

Cllr Thomson is to send the Clerk regular updates on the completion of the roadworks.

Vic Thomson Left the Meeting

c) Public Participation

No matters raised.

Standing orders were reinstated.

7. Planning

a. To Consider Applications Received

i. 2020/1012 – 109 Cawstons Meadow – Variation of condition 2 from 2020/0017 - Revised Design

Application determined by South Norfolk Council – approval with conditions.

ii. 2020/1102 – 22 Hillside – Proposed First Floor Front Extension

Application determined by South Norfolk Council – approval with conditions.

iii. 2020/1140 – St Lawrence, Bungay Road - Application to vary condition 5 of permission 2016/0872/D - Revised drainage.

He proposed that the Parish Council support the Environmental Quality Team in objecting to this application, seconded by John Henson and carried.

iv. 2020/1237 – 73 Rectory Lane – Proposed 2 Storey Side Extension

John Joyce presented this application. He advised that the extension would cause minimal overlooking and noted that the resident of the property opposite supported the proposal.

John Joyce proposed that the Parish Council should have no objections to this application, seconded by Chris Walker and carried.

The following planning applications were presented as they could not be deferred to the next meeting.

v. 2020/1282 – 27 Howe Lane – First Floor Front and Side Extensions, Including Front Infill Extension to Ground Floor

Trevor Spruce presented this application. He raised concerns that the extension would stand proud of the party wall, and that the extension would result in a distinct change of street scene. He proposed that the Parish Council objects to this application on these grounds, seconded by John Henson and carried.

vi. 2020/1322 – 121 The Street – Variation of Condition 2 of Planning Permission 2018/2649 – amendments to the approved plans.

The Clerk presented this application. The original design of this dwelling was for it to form an end terrace. Due to problems adjoining the new property, the new design is proposed to be a detached property. John Henson proposed that there be no objections to this application, seconded by Peter Lowndes-Burt and carried.

vi. 2020/1234 – 57 Potters Way – Conversion of Part of Existing Garage into Non-Habitable Garden Room

Trevor Spruce presented this application. It was noted that part of the conditions of the original planning application for the Norfolk Homes development was that none of the properties could be converted without the appropriate planning permission. Trevor Spruce advised that there was still room for four cars in the driveway and so there would be no impact on on-street parking. He proposed that there should be no objection to this application, seconded by John Hodgson and carried.

The Clerk reported that the first community centre hire commences on 31st July. Week commencing 3rd August see the return of pilates, T'ai chi and Zumba classes. Whereas week commencing 24th August sees the return of Slimming World.

Permissions are in the process of being obtained for these items.

The Clerk reported that she had attended a 'Rebuilding Communities' seminar run by NALC. At this meeting, parishes were encouraged to think about community resilience and how the parish would fare should a second wave of Covid-19 occur or when the furlough scheme ends.
