Parish Council Report

It's been another busy three months for the Parish Council. The Council received a good Internal Audit report in May, demonstrating that our financial and procedural processes are fit for purposes. In June the Parish Council submitted proposals to the South Norfolk Council Community Governance Review process, outlining an ambitious suggestion to merge a number of parishes into one administrative area. Proposals and further consultation was expected to be published in late August, and we will continue to contribute to this discussion. The Community Centre continues to offer a range of different events, and overleaf you can find out what is on each day in the Centre, as well as details of our popular ticketed events. You can follow us on Facebook – the Community Centre is at <https://www.facebook.com/poringlandcommunitycentre/> and the Parish Council is at <https://www.facebook.com/poringlandpc/>.

Community Land Project

Thank you to everyone who attended the public consultation event on 11th July. We received some really useful feedback and are currently in the process of finalizing the master plan for the site. This will be considered at the Council meeting on 27th September. Once we have decided on the final site plan, we will begin the process of assessing ground suitability and gaining planning permission for the various elements that will make up the site. Once we have this in place, we will begin looking at funding for delivery of the site, with each part standing alone as a project.

Allotments

As part of the Community Land Project, the Parish Council is considering providing allotments for residents of the parish. We have a waiting list, and would like to invite residents to register their interest in an allotment by emailing their name, post address, telephone number and email address to the Parish Clerk on the contact details above.

Neighbourhood Planning

Poringland Parish Council has decided to undertake the Neighbourhood Planning process. This enables the Council to go through a set process of agreeing policies around housing development within the village, which will sit alongside the Local Plan when determining planning applications. The Neighbourhood Plan cannot stop development happening, as there are legal requirements to meet housing supplies, however it can make sure that the Parish decides on design, density, traffic, open space and many other policies. Throughout the process we will hold consultation events, as well as approaching community groups to gather their views. The process will culminate in a referendum on the acceptance of the Neighbourhood Plan. Interested in getting involved? Contact the Parish Clerk (details above).

Anglian Water Updates

The Parish Council continues to work with Anglian Water to challenge the necessity of roadworks and ensure that residents are kept up to date with progress. The Council has a direct line of communication with the project lead, and has been in contact with them out of hours to address issues such as traffic light failures. The works in The Street are expected to last until at least Christmas, and at the time of writing this newsletter there was no set date for the completion of works. The Council appreciates the frustration of residents (and experience this frustration themselves) and will continue to liaise with Anglian Water throughout the project.

TENTH ANNIVERSARY VILLAGE FETE

A big thank you to everyone who turned out to enjoy the Community Centre's "Birthday" Fete on Saturday 8th July. It was a fantastic event with a real community feel and so lovely to see people coming together to use the facilities available, find out about and support local groups and charities, and generally having a great time! The thing with birthdays is that they come around every year so watch this space as we could well be doing it again in 2018...!

Congratulations to Louise Bird who baked cake no.3 which won The Great Poringland Bake-Off and the £50.00 Gift Voucher generously donated by Zaks.
