Parish Council Report

It's been another interesting and busy few months for the Parish Council. In May, David Gooderham stepped down as Vice Chairman, and was replaced by Trevor Spruce. David remains on the Council, however the Council is grateful for the time he gave to the important role of Vice Chairman.

You may have spotted that some fencing was recently installed in certain areas on the field behind the Community Centre. This is to prevent unauthorised encampments, but has been designed to allow authorised access with the use of folding bollards in strategic locations. We have also replaced some litter bins around Poringland and added some new benches and stools to the play marked area – all to enhance the visual amenity of the parish. We installed a new dog bin off of Tubby Drive at the request of residents who were sick of 'doggy bags' being thrown into their back gardens – please do get in touch if there are any problems areas such as this that we should look at. The Council has also had all trees inspected again, and will be carrying out identified works in the coming months.

We seem to have had a slight lull in the Community Land Project, however this is because Norfolk Homes have been beavering away on our behalf levelling and importing topsoil onto the site, laying utilities and temporary roadways, and generally preparing for handover to the Parish Council. As soon as this is completed the Council will be handed the land, and will begin the formal planning process. This is a long-term project which will also require funding applications, but we aim to deliver the site in phases. See below a reminder of what we will be doing there. An issue was recently raised about provision of a dog park, following the removal of the railings from the open space areas in Rosebery Park. The Council has agreed to look into the viability and demand for a dog park within the parish, and will need to research the implications and safety requirements for this.

Finally, in July the Parish Council completed the legal transfer of Rosebery Park. We continue to work with the developer on a few snagging issues, however it is now all open for the public to enjoy!

Neighbourhood Planning Update

It's been a really busy few months for the Neighbourhood Plan, as we have been analysing the results of the surveys and drafting our policies which will shape future development in our village. We are delighted to invite you to our 'Exclusive Preview' events in September, to tell us your thoughts on the direction we are heading. These will be on Saturday 22nd September 10am – 1pm; and Tuesday 25th September 2pm – 6pm, at Poringland Community Centre. It's really important that the community contributes to this process, as ultimately it will be **you** who decides whether the Plan is adopted. www.poringlandparishcouncil.gov.uk/neighbourhood-plan.
